

WORKSHOP

CONNECTIVITY IN THE ALPINE REGION: FOCUS ON INTERMODALITY OF TRANSPORT SYSTEMS AND MARITIME DIMENSION

26/09/2019

TRIESTE, Savoia Excelsior Palace
Riva del Mandracchio, 4

The technical workshop aims at matching opportunities and identifying joint actions in order to give a contribution to a sustainable development of the intermodal transport systems for freight and passengers in the Alpine Region. A special focus will be reserved to the maritime dimension and links between the port network and the intermodal transport system, the innovative solutions and ICT applications, the technology transfer and measures towards a more efficient and integrated policy and financial instruments to reinforce cross-border and transnational cooperation.
